CITY WATCHES HARRIS' FIRST APPOINTMENTS

Taxpayers Insist A New Attorney Be Selected

DEMAND IS JUSTIFIED

2 Jobs In One Family Is Disapproved Of By Townsfolk

The city election Tuesday brought out a larger vote than was expected because of the fact a lot of quiet interest developed. There were 1324 votes cast.

Poulos High Man.

Paul Poulos, recently head of the Chamber of Commerce, was high man, receiving 125 more votes than any other candidate for trustee. L. H. Foster, who has been on the board some years, came next with 875 and Frank M. Wilson followed with 775.

Pauli Is Retained.

H. R. Pauli defeated C. H. Duncan for treasurer 848 to 459. Two years ago these two men were contenders for the treasurership and the election result hinged on three votes. James Brawn was named city clerk over Lucille Moore by an 849-431 vote. W. H. Brunner, R. F. Clarke and Harold LaPorte, who had the backing of a Citizens' Committee, did not get the support it was expected they would receive. They polling the following vote: Brunner 368, Clarke 397, LaPorte 366.

Harris For A Year.

At the meeting of the city trustees Monday night A. L. Harris, local cleaner and dyer shop proprietor, was named mayor. Mr. Harris had two votes to start, Trustees Foster and Charlton, which were not enough, unless he voted for himself, but it was a foregone conclusion he would do so, hence, despite the fact Paul Poulos ran high man and, ordinarily, would have been named, the old members cinched the mayorship for Mr. Harris and the newly elected trustees went along and Mr. Harris was selected mayor for one year. The belief is the mayorship will rotate and, at the end of a year, another trustee will serve.

Up To Harris.

To Mr. Harris will now fall the naming of such appointive officials as the city employs, the council confirming them. The taxpayers will watch with a lot of interest Mr. Harris' action in naming a city attorney. It is believed he will follow the wishes of the big majority and recognize the well-backed demand — No two members of one family, at one time, be hired by the city. If he does this he will have little trouble in his administration, if he does otherwise he will encounter a very united and persistent opposition from the start.

Want A Change.

One thing the taxpayers expect the new city council members to do is to make a change in the office of city attorney. For the past eight or 10 years the present drawer of the salary paid the city attorney has held office. Immediately after the Thomas administration got in office the salary of the city attorney, who is a relative of J. R. Thomas, retiring mayor, was raised $20 a month and at that figure it has continued.

Dislike Two-Member Idea.

Because of the fact one member of the city attorney's family at the present time, and has all the years the city attorney has been drawing his increased salary as a city officer, held a teacher's position in the city schools, taxpayers insist a change should be made. The sentiment is strong among the taxpayers two members of one family should not draw salaries from the city at the same time.

Will Avoid Trouble.

The present city council has the opportunity to get off to a good start, if the interests of the community are observed, but the appointive power is going to be in for a lot of severe criticism, if the Thomas nepotism favorite is continued in office.

Pick Any Lawyer.

Any attorney in the city who might be named would be satisfactory to the people and would halt the much-opposed plan which the Thomas regime followed—No two members of one family should be drawing salaries from the city at the same time, the taxpayers maintain, and they are justified in doing so.

Wm. Heryford, after a serious illness, is reported considerably better.

FLAGMAN USED HIS WITS AND SAVED WORKER

Steam Shovel And A Semi-Lumber Truck Crash Averted

SHOVELMAN INJURED

Death And Bad Wreck Forestalled By Leland Farrer

Special Correspondence of The Press

ANDERSON VALLEY, April 16.—Mrs. Willie Ornbaun, who recently underwent a major operation in Howard Memorial Hospital, Willits, has returned here and is at the home of her aunt, Mrs. Jessie McCarty. Her condition is as favorable as could be expected and although she has passed several bad nights it is hoped it will not be necessary to return Mrs. Ornbaun to the hospital. Mrs. Alta Johnson is assisting her sister in caring for Mrs. Ornbaun, and Mrs. Esther E. MacCallum, R. N., has also been on the case.

Showed Good Judgment.

The quick thinking of the flagman is given credit for saving the life of the operator of the shovel on the state highway between Boonville and Cloverdale, where a slide was being removed Monday. The shovel was on the grade near Maple creek, with Chet Togni operating it. Leland Farrer was flagging and attempted to flag a heavy lumber truck belonging to the Seger Trucking Co., of Pittsburg, but the speed, down grade, and

BAND GOES TO DAVIS PICNIC

High School Sends 60 Musicians To The College Event

Ukiah high school band of 60 pieces will attend the annual picnic of the Agricultural College of the University of California at Davis Saturday and is scheduled to be featured on the program at 2:30 p. m.

Go In Busses.

Two of the school busses will take the band and a truck will take the bulk of the instruments. One or two parents of band members will take their cars also. Robert L. Sharp has arranged for the interesting trip to replace participation in the state music festival at San Jose which occurs May 4 and which coincides with a league track meet here when the band will want to play their most rousing tunes for the home contestants. The band, which has been doing some fine practice work and is niftily uniformed, is expected to do Ukiah "proud" at the college picnic, and parents who have organized to aid the band are pleased they have been the means of raising funds for several new instruments which will be used.

A Capella Choir Coming.

The local high school student body is to have an opportunity to hear the Arcata A Capella Choir May first, when Ruth Carrol brings that group through Ukiah enroute to the State Music Festival at San Jose. Mr. Sharp has accepted Miss Carroll's invitation to present the singers at that time, when interested parents of pupils will be welcome.

DOG LICENSES IN A CHECK-UP

All owners of dogs are warned to have licenses on their dogs, as a thorough check-up is being made on all unlicensed dogs for which owners are subject to a $5 fine. Poundmaster J. H. Cake is making a house to house canvass from Leggett Valley on down the coast, a section he did not investigate with such thoroughness last year.

LIONS BOWLING MATCH

Saturday Ukiah Lions sent a bowling team to play Fort Bragg. Ukiah winning two out of three games, but the coasters coming out ahead in the final score with a total of 2347 pins to 2289. Ukiah team comprised James E. Busch, E. A. Eversole, J. J. Kirwin, "Foggy" Ottoson and George Kroetz. Fort Bragg Lions playing were Dr. Royal Scudder, Dr. William Lane, Phil Mallory, Jim Lilly and Glenn Burke.

DIED IN CITY

Word came Monday T. F. Spurlock passed away in San Francisco Sunday. Mr. Spurlock was one of Round Valley's best known citizens. A widow and seven sons and daughters survive. Funeral services will take place in Covelo this afternoon.

WHITNEY LOST WILLITS OFFICE BY BIG MARGIN

Recent Removal Of A Policeman Believed Back Of Vote

A SHAKE-UP IS LIKELY

Man Who Was Thrown Out Will Probably Become Chief

Special Correspondence of The Press

WILLITS, April 15.—Seabiscuit, Charles Howard's famous racehorse, has returned to Ridgewood ranch and is probably the greatest attraction in Mendocino county. There are so many visitors they interfere with regular routine of the ranch and visiting hours have been established and will be strictly enforced. The visiting hours are from 10 to 11 in the morning and 2 to 4 in the afternoon. At these hours visitors will be shown every courtesy by employes of the ranch who have been assigned for that purpose. Seabiscuit will be mated to 15 mares this season and five colts he sired last year have been born recently. A filly was foaled by Flying Belle, who is by Flying Ebony ,a former famous racehorse; a colt foaled by Lucille K is another animal that held the half-mile record before being retired to Ridgewood ranch. Fair Knightess and several other mares are expecting. E. E. Safford, ranch superintendent, is already receiving fan letters addressed to him for the horse and bearing such names as "Daddy" Seabiscuit and "Poppa" Seabiscuit.

Whitney Is Beaten.

Willits had a very exciting city election last week and 663 votes were polled, which includes 15 absentee ballots and these have not yet been canvassed but they cannot change the results. The big fight was over councilman for the short term and Mayor W. F. "Bill" Whitney and W. D. Ford were the contestants. Mr. Ford received 404 and Mr. Whitney 228 votes. Guy Hall was high man and polled 485 votes, Will Collier 304. Of the others John Pietronave received 203 and Philip Quadrio 201. The matter of some changes in the police department was one of the issues involved.

Cause Of Defeat.

It is said friends of a police officer, who recently had words with the mayor was later on discharged, had resented the dismissal, and that this led to a concerted drive against Mr. Whitney. On top of this, so the story goes, Chief Thom, who has made a good officer, but who was, so the victors contend, too close to Mr. Whitney, is destined

HEART ATTACK PROVED FATAL

R. G. Garner, Former Railway Inspector, Is Dead

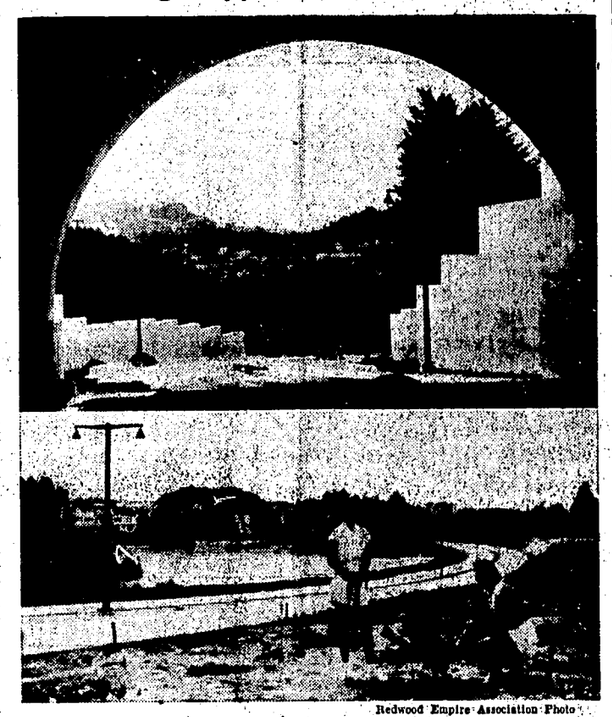
Robert G. Garner, 71, dropped dead Saturday night in San Francisco from a heart attack. He had gone to San Francisco several days earlier with his wife for a short stay in the bay city. For many years he was a railroad car inspector for the Northwestern Pacific Railroad, was retired, and two years ago moved to Ukiah.

Funeral Today.

Deceased leaves to mourn his loss a widow, Mrs. Ida Garner of Ukiah and two daughters, Mrs. Flora Timmreck of Ukiah and Mrs. Violet Fisher of Somoa, California. Services will be held from the Eversole Mortuary at two o'clock this afternoon, Rev. E. H. Benson officiating.

Miss Florence Every, Indian social service worker with headquarters at Oakland, was at Covelo and Ukiah Thursday and Friday on a business trip.

New Bridge Approach Dedication Nears



Redwood Empire Association Photo

Preparing for gala two-day celebration in conjunction with opening of the $1,300,000 Funston-Nineteenth avenue approaches to the Golden Gate bridge on April 21, are Marilyn Castillo and her sister Jeane.

Public officials and civic committees from Canada, Washington, Oregon, California and Mexico will join district and community groups of San Francisco and the Redwood Empire in a giant dedication ceremony April 20 and 21, honoring completion and opening of the newest addition to the nation's most westerly international highway.

What Is Planned.

Cavalcades from northern, central and southern California will join in a mass demonstration Sunday, April 21, according to John M. Ratto, general chairman of the San Francisco Citizens Committee, who is in charge of the official dedication. "Widespread interest has developed in the new highway opening and many public officials, civic leaders and travel organizations of the Pacific coast have indicated intention of taking part in the program," declared Supervisor Ratto.

An Earlier Program.

Preceding formal and official dedication ceremonies and the arrival of various cavalcades Sunday, San Franciscans and many out-of-town guests will take part in informal festive celebrations held in various districts traversed by the new highway in San Francisco.

SUPERVISORS HELD MEETING

Action Taken To Get Federal Aid For A Coast Project

One of the most important matters considered by the supervisors at their regular monthly meeting last week was when the board directed Chairman Ed Haehl to send a telegram to Senator Hiram W. Johnson relative to the improvements of Noyo river and harbor, which he did.

The budget of the Mendocino County Fair (Boonville) for the year ending December 31, 1940, was approved.

The board exercised its option with the Edward Bacon Company to buy an air compressor.

County Treasurer D. C. Smith was authorized to purchase $20,000 of State warrants with surplus county funds, plus a premium and accrued interest.

To Receive $5.00.

The compensation of the officers to serve at the approaching presidential election was fixed at $5 each.

Two resolutions were adopted authorizing the County Recorder to cancel certain deeds to the State of California for land heretofore erronously deeded to the State for delinquent taxes.

The reports of state and county commissions were read and placed on file.

Certain deeds for land to be used for construction of Redwood Highway in the Hopland district were accepted and placed on record.

Some changes were made in road funds.

Renew Old Agreement.

The board entered into an agreement with the Caspar Lumber Company amending a previous agreement entered in 1928 relative to the rights of said company to log across and over a portion of the Willits-Fort Bragg highway. The board ordered a quit claim to the Caspar Lumber Company for certain mentioned parcels of land on the north side of the above named highway. This land had never been accepted and recorded by the county.

Sale Was Ratified.

The board ratified the sale of certain property in Fort Bragg that had been sold by the County Tax Collector according to law.

Mrs. Louisa Allyn, of Willits, visited her daughter, Mrs. Ruth Solman, several days last week.

TO ELIMINATE KINDERGARTEN

Trustees Faced With Problem—Wish Aid Of Parents

Members of the Ukiah Elementary School Board have discussed a housing problem which has arisen because of overcrowded conditions in the primary grades. There are now 74 little boys and girls in the two first grades and the indications are there will be even more next year. Every room in the school building is now in use.

What To Do.

The question before the trustees is whether money would be more wisely spent by having three first grades and eliminating the kindergarten where, there are comparatively few in enrollment. No change in expense would result from such a plan and there would be no change in personnel as the kindergarten teacher is also certificated to teach primary grades.

Want Parents' Advice.

It is merely a question of the best way to use space, teachers and money. The trustees earnestly urge parents and friends of the school attend a meeting Wednesday, April 24, at 7:30, when this subject will be thoroughly discussed with a view to learning the wishes of the people.

Fire Department Asks Co-operation

The Ukiah Fire Department held a regular meeting Wednesday evening, the first to be held in the new fire house which was dedicated the previous Sunday. Among matters discussed was the following request to the public: When the fire alarm sounds motorists abide by the state law which orders all traffic to move to the right side of the street to allow fire engines and apparatus clearance and also volunteer firemen in cars bearing fire plates be allowed to pass.

FREE COFFEE SERVICE

Coffee, that important part of any meal, is to be served at its best, Friday and Saturday, at Rood's Market, when a free demonstration of the palatability of Manning's Coffee will be given all who call for a sample of the new, high-grade beverage. There will be other special items of interest at Rood's, too.

Jim Taylor, of Willits, was here shopping recently.

DEATH ACCIDENTAL

The verdict of a coroner's jury on the death of Leonard Smith, who was killed when his car was struck by one driven by Ralph Miller on South School street 10 days ago, returned a verdict of accidental death, placing no blame.

QUEER CAREER IS TERMINATED AT LAKEPORT

Man Who Never Accepted Money Is Dead At 80

WAS WELL EDUCATED

Pauper Grave Is Escaped When Funds Were Provided

A character out of the ordinary has gone on and Lake county people are commenting on the strange personality—Jack Smith, known more generally as "Smitty." He was almost 80 years of age. "Smitty" went to Lakeport about 30 years ago, hailing from Illinois.

Never Took Money.

He had worked for a large number of people throughout that long period, but he was never known to have accepted money for his work. He insisted on trading his work for the bare necessities of life.

Worked For Theatre.

For 14 years he was a roustabout at The Orpheum Theatre, Lakeport, and was engaged there until he was taken sick. Mr. Smith died at the county infirmary. Years ago deceased worked for the late Judge M. S. Sayre, insisting on being paid with human necessities, not money.

Was Well Educated.

The peculiar man had an excellent education and had read widely and devoured good literature. He was inclined to religion and quoted the Bible as a minister would—He could aptly define the passages of the Bible.

Some Said "Queer."

Of a very likeable character and disposition, he made many friends and few, if any enemies. He has no known surviving relatives and the history of his life before he came to Lakeport, is a closed book, as he spoke very seldom of his early life. Many people of Lakeport regarded "Smitty" as being somewhat mysterious, as he often recalled incidents which happened there many years ago and claimed he had attended school at Lakeport when a boy, although none of the old-timers seemed able to recall having known him.

Escaped Pauper's Grave.

In life "Smitty" would never accept money for his services, hence, when the end came, he was penniless. However, that fact did not prevent his remains receiving a proper burial. Friends came forward and provided the necessary money to see he was not interred in a pauper's grave.

WILL PREPARE AN ARGUMENT

Senator And Head Of Prison Board Will Arrange Paper

At the election in November proposed Constitutional Amendment No. 37 is to be voted upon.

Would Change Management.

This amendment, it is claimed by men knowing prison conditions, would complicate the management of prisons, if it were adopted and, as the question is one of great importance, arguments, which will appear in the literature gotten out by the State to explain the proposals so the electorate may vote intelligently, will have to be provided. The law specifies the lieutenant governor shall designate certain persons to write the arguments and last week Lieut. Governor Ellis Patterson named Senator James B. Holohan, of Watsonville, and President A. R. O'Brien, of the State Prison Board, to write the argument against the proposed change and they have agreed to do so.

WELL BABY CONFERENCES

Following is the schedule of well-baby conferences for April: Willits, Monday, 8:30 to 11:30; Ukiah, Tuesday, 8:30 to 11:30; County Hospital, pre-natal clinic Saturday, April 27.

CAMP FARLEY'S MANAGEMENT A REAL CREDIT

Inspection Developed A High Type Of Supervision

MEALS COST 10 CENTS

Cleanliness Appeared On All Sides, Visitors Say

Special Correspondence of The Press

CAMP FARLEY, April 12.—The management of Camp Farley, the SRA-WPA setup which is constructing Biggar Highway, which will eventually connect Round Valley with Redwood Highway at a point near Longvale, entertained about 50 guests Wednesday. The visitors included all of the supervisors, with the exception of Chairman Ed Haehl who was called to San Francisco on urgent business, several of the county officers and some of the Federal relief organizations. Senator G. M. Biggar was also there with a delegation from Covelo. The balance of the visitors were from Ukiah, Willits and elsewhere.

A Complicated Management.

Guides first took the visitors about the camp and explained workings of the setup. The SRA has charge of the camp and the cooking, serving meals and other details are managed by it. As soon as the men leave camp they are under WPA, but a portion of the supervision of road construction is under direction of County Surveyor Ed Smith and his assistant, Russell Cummins, is in direct charge of the engineering

SCHOOL PLAY'S CAST DELIGHTS

"In Old Vienna" Was Appreciated By A Big Audience

A lovely heiress stolen by gypsies in childhood and recognized by her mother when grown to wondrous womanhood, by the locket she wears, may not be a very new plot, but proved entertaining and romantic with a fine cast in colorful setting to sing and laugh its way into the hearts of the large audience as high school students presented "In Old Vienna" Friday evening. Miss Mary Buhn, as the gypsy girl, danced and sang beautifully, so that it was small wonder the advertising expert, Keith Leonard, was charmed by her. She, in turn, and indeed the whole chorus of gypsy and Viennese maidens sang "I Can't Get Along Without Jimmy," perhaps because he was always showing up at unexpected moments with his candid camera, and otherwise turning near tragedy into mirth.

Entrancing Melodies Heard.

Miss Kathleen Thurston, bewitching English widow with a beautiful singing voice, Norman Williamson, as a financier, Mary Lou Hildreth, an American heiress, and John Van Dyke, a promising young artist, carried important parts and were heard in lilting solos, duets and quartets.

An Alert Sleuth.

Captain Kinski, played by Bob Sandelin, was chief of the detective bureau and was ever ready to give protection (for a price). In contrast to his elaborate uniform were his sleuths, Bumski and Rumski, played by Kenneth Harp and Rene Sanchez, who recovered lost jewels and money from Jigo, a Hungarian gypsy (Rodney Pacini), as fast as his nimble fingers could snatch them. These three and Louisa, an apple-cheeked waitress, impersonated by Barbara James, provided most of the comedy and proved talented comedians. And then there was Hans Maier (William Rampone) really first to appear on the stage as important proprietor of the Inn, the courtyard of which was the main scene of the play.

Public Was Thanked.

Before the last scene Miss Thurston, the altogether attractive widow, appeared before the curtain on behalf of the cast to present verbal and floral bouquets to Miss Kaiser and Robert L. Sharp, who directed the production. Appreciation was also expressed for the publicity given by the press, and the attendance. There were words of praise for Miss Barbara Kohler and Paul Beaufort who created scenery and lighting which were truly beautiful, the orchestra, Miss Julia Boyd, able pianist, and the student committees, of which Holly Onomiya was business manager.

TRIBAL DISHES PARTAKEN OF—RECIPES TOLD

Indian Cookery Demonstrated By Pinoleville Women

NATURE'S AIDS SHOWN

Old-Time Native Use Of Herbs, Roots Rehearsed

Ruth Murphey, Indian Service field nurse, was guest speaker at a meeting of Lakeport Parent-Teacher Association Monday afternoon of last week when use and development of Indian basketry was her subject. Mrs. Bertha Emery, well known artist of this city, loaned her very fine collection of baskets, and members of the Pomo Mothers Club, organized two months ago at Pinoleville, demonstrated the art of making, and also the uses of various types of baskets. Some of the baskets shown were fish trap baskets, others were for parching wheat, there were "pinole" baskets for gathering acorns which are shelled, dried and leached to remove the bitterness, and pappoose baskets.

Cooking Tricks Illustrated.

As baskets are used extensively in Indian preparation of foods, demonstrations were given of Pomo cookery. After the leaching process was shown in regard to acorns, acorn mush was made in "three-stick" baskets by mixing the acorn meal with water gotten from red earth, made into flat thick rolls, put into soapweed leaves and piled on hot rocks with more hot rocks over them. Pepperwood nuts and fresh clover combined in a salad was another food shown, and members of the hostess club tasted the dishes and declared them delicious.

Woods Are Selected.

Knowledge of various kinds of wood for different cooking purposes is a part of the art, and a surprising number were mentioned. There were some sticks shown which had been in use over 30 years for lifting hot rocks.

Furnished By Natives.

In demonstrating basket weaving materials shown included fresh willow and preserved willow, fresh and seasoned grasses. The legend of "fool's gold" was told. Necklaces of wampum shells were displayed along with an account of how they are ground and strung on water grass. There were beautiful headdresses of woodpeckers' quills, and there were also articles of abalone.

Indian Women Aided.

Indian songs were presented, too, and were greatly enjoyed. Members of the Pomo Mothers Club who assisted Miss Murphey in the program were Mesdames Elsie Allen, Lorraine Lockhart, Myrtle McCoy, Edna Sloan, Annie Burke and Belle Varriele.

Showed Old Rock.

It was Mrs. Varriele who sang and she also exhibited a pounding rock and pestle which her family had used more than four generations. Officers of the club demonstrating Indian basketry, are Mrs. Lorraine Lockhart, president; Mrs. Virginia Allen, first vice-president; Mrs. Bernice Ortiz, secretary; and Mrs. Stella Wright, treasurer. Their meetings are the first Saturday of each month at the Pinoleville schoolhouse, and through their activities they hope to keep alive the arts of their people. The Lakeport P. T. A. was happy to see what they are doing. Miss Murphey, assisted by the group of Indian women, put on a similar program at the Saturday Afternoon Club last year.

Baby Pigs Were Big Bear's Diet

George Holliday, of Point Arena, lost 15 baby pigs, two setting geese and a number of hens last week and decided it was time to send to Elk for State Hunter Anthony Fashaeur, who went there Saturday and soon had two wise old coons; that night he got two more, and the next day he treed and killed a 400-pound bear near the Bert Buckeridge home.

THE FARCE CONTINUES

THE FARCE IN CONNECTION with the State Prison Board is being played out. Only the courts stand between a capable and an efficient board and removal by the governor for political reasons. Ever since he was elected the governor has coveted the places on the prison board so he could give them to political friends. When the board declined to be intimidated into resigning he trumped up charges of floggings and other purported irregularities in the prisons, charges which were aired at carefully steered "hearings" and which were supported by testimony which was, to put it mildly, "flimsy." After weeks of "study" of the 2700-page transcript the governor announces he is "regretfully" forced to order dismissal of the board. Just this action was predicted in this column months ago. The only wrench in the gubernatorial machine, the only fly in the ointment, is that the attorneys for the board have thrown the case into court and it is just possible that a judge who is not very politically minded may decide that disagreement with the beliefs of the governor is not a "crime" for which an efficient and capable board should lose their political heads. If that happens politics may not follow its ancient pattern and these capable men may stay in office.—San Jose News.

Editorials and news stories reflecting the above sentiment have appeared in, perhaps, 90 per cent of the newspapers of California. That portion of the inhabitants of the state who approve law enforcement and decency are behind the prison board, solidly. Insofar as the writer, who is President of the Prison Board is concerned, he was, from the start, as were the other members of the Board, willing to have the whole controversy turned over to the courts, but, Governor Olson, mistrusting the integrity of a judicial tribunal, balked. He reprieved the death sentences of a quartet of murderers, freed them from their condemned cells and used them as witnesses against the Prison Board. Governor Olson sat as judge at the hearing, he, as well, brushed aside the attorneys he had hired to prosecute the Prison Board and personally handled the material cross-examination. The men under death sentence, snatched from the gas chamber by Governor Olson and used by him for witnesses, did a foul job, but, to their credit, it can be said, the reprieved murderers did not go to the extreme The San Francisco Chronicle progressed. On the day the world stood waiting the news from Oslo, George T. Cameron's Workers World crowded war bulletins off the front page and devoted its top position to black-facing what Governor Olson said, he had "decided after weeks of study"—It meant to say what Governor Olson had "decided weeks before the charges were filed" against the Prison Board—The Chronicle, that once was a respect-commanding newspaper, for the twentieth time in the Prison Board case, permitted itself to be smeared with Communistic insidiousness.

The Prison Board ouster is in the lap of the Gods.

The courts will give the Board of Directors a square deal. The Directors have never asked for other than that.

Whatever happens to the case will bring about no international complications, but this, just as certain as the setting of tomorrow's sun, will follow:

Culbert L. Olson in his coming ignominy will be remembered, solely, as the man who turned Tom Mooney loose and entrenched Communism in California and The San Francisco Chronicle, as its falling circulation dwindles, will be pointed to as the pariah newspaper that, in the first attack by the Communists, deserted the Republican party which had, before the days of The Chronicle's perfidy, made that publication a great newspaper.

The Press Followed Him Through France

Mr. and Mrs. G. L. Canclini, of Little River, accompanied by their children, Lily and Bobby, were guests at the home of Mr. and Mrs. John De Bernardi Saturday. Mr. Canclini is a brother of Mrs. Bernardi. While in Ukiah Mr. Canclini stopped in at The Press office to renew acquaintances, and remarked he had been a subscriber to the paper since August 15, 1917, and that during his war time service in France, when he was moved about considerably, he had never missed a single copy. A letter written to The Press by Mr. Canclini from France was published during the World War and proved very interesting.

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is the chairman of State Board of Prisons of California.

WHEN I MADE A GOOD AND BAD DECISION

There was no threat in what he wrote. He made a simple statement of fact.

He was going to kill a man. Warden Court Smith handed me the note the convict had written, saying: "You had better see him. He means what he says." I asked to have the prisoner brought outside and shortly thereafter I sat down with him in the hall beyond the Board room. I should judge he was in his late thirties. He showed no emotion during our long talk. He was a man with whom you could not argue. Early in our conversation he gave me his ultimatum and he did not recede from it. I let him do the talking and this is what he told me: He had a kid sister of whom he was very fond. In her teens she married a man who treated her very brutally. In her girlhood at the time she became pregnant. Enraged at some trivial affair her husband set upon her and beat her. Her eyes were blackened and her face was badly swollen. "When I saw my sister in her battered shape, I decided I would kill the man who beat her."

"That is where I made my mistake. My mother pleaded with me and I did nothing. I kept away from my sister's house, because I did not want to run upon her husband, as I felt I could not restrain myself, if I saw him. My hatred was beginning to get the best of me and, at my mother's insistence, I went away. While I was absent a girl was born my sister. I hoped that, with the coming of the baby, affairs in her household might improve, but, it was not many months after that I got word my brother-in-law had murdered my sister. He came home in the evening. She was standing, looking out the window at the sunset. He went into another room and picked up a shotgun. He called to attract her attention and, as my sister turned, her husband shot her in the head. Her face was blown away. I came back, but did not get a chance to get near my sister's murderer. He was tried and sent to prison. Then I left.

"I roamed and would not permit any restraint on me.

"I got in trouble.

"I, too, was sent to prison. I have been here only a short time. Under the shed the other night, four men ahead of me in the next line, I saw the killer of my sister. This morning he tried to talk to me. I walked away from him, but I then decided I was not going to make another mistake, if I had killed him when he beat my sister, she would be alive. I did not kill him this morning because I knew the effect it would have on my Mother. I have caused her enough trouble and, if I could, I would not hurt her more,—if I could help it,—but I know I cannot. I have the means to bring about his death and he is going to die. He is alive now simply because I want to spare my mother, but even love for my mother cannot continue to save him. Send him to Folsom or send me there. Don't try and keep us both at San Quentin or it will not be long before there will be only one of us here. That one will be me."

Instantly I made a good and a bad decision in one. As a prison official I knew the man's life should be saved. In my mind, an old-school man, I knew the prisoner should have been killed when he first attacked his wife—

No beast should be allowed to live who beats a woman when she is pregnant, this one happened to be lucky—

He has gone to Folsom.

STATE GARDEN CHAIRMAN IS KOSMOS SPEAKER

A perfect spring day and flowers in profusion added to the welcome extended Mrs. H. D. March, of Chico, state garden chairman of Federated Women's Clubs, when she addressed Kosmos Club and members of other federated clubs of the vicinity, invited by the hostess unit and who turned out in large numbers at the Community Clubhouse Thursday afternoon. The speaker, who was introduced by Mrs. Ernest Mason, program chairman for the day, spoke at length upon cultivation of flowers, going back to the earliest beginnings of gardens and tracing stages of this activity up to recent developments when plants from all over the globe are made available to followers of the fascinating hobby. Recent chemical enrichment of the soil, with special reference to work done by the University of California in this line, whereby wonderful results are obtained from use of package fertilizer of new type sold commercially, were told of.

Tea service followed the talk and Mrs. A. B. Stipp assisted Mrs. Mason in presiding at the tea table. It being wildflower day for the club, entrance to the clubhouse was given over entirely to a wide collection of field and mountain flowers found hereabouts. At the window was a long box filled with California poppies and lupine, and besides the table exhibiting various other wild posies, was a mass of pear blossoms.

The platform in the large hall had a background of Banksia roses, an arrangement of bridal wreath at the center and long-stemmed blue iris at either side. On the speaker's table a bowl of Japanese iris was the flower note, while in the foreground was a lovely grouping of wild flowers.

Business meeting of Kosmos Club was early to permit Mrs. March as much time as possible for her address before she returned to Chico later in the day. Mrs. Ina Branson, president, presided, and elected to accompany her as delegate to the county convention at Fort Bragg the following Saturday was Mrs. Ernest Mason. A large number of women from Kosmos Club also planned to attend, motoring to Willits and taking the train from there.

Mrs. Russell Melander, garden chairman, collected plants brought by members later used in a plant exchange at the Fort Bragg conference. Representatives of the Women's Improvement Club at Willits were present and invited all to participate in the flower show sponsored by them Friday of this week. Those attending the Kosmos meeting from Willits were Mesdames L. M. Fish, president of the county federation, and Mesdames Emma Ellwell, Lola Josephson, H. S. Thompson and Brand W. Johnson.

WAS GUEST AT PROGRAM

Mrs. Roy Jones enjoyed an interesting and varied program at Roosevelt school, Burlingame, one day last week when she was the guest of Mrs. Mildred E. Weakley who directed the affair. Mrs. Weakley presented her young son, Wallace Palmer, in a series of impersonations at one of the Ukiah Business and Professional Women's Club meetings some time ago in a most enjoyable program. The young actor had a part in the Burlingame entertainment also.

SURPRISE BIRTHDAY FETE

Wednesday evening Miss Barbara Mustard was complimented on her birthday at a delightful dinner party given by her grandmother, Mrs. Sam Speer. Dainty spring flowers centered the table and yellow candles topped the chocolate cake which was coated with maple frosting. Greeting the honoree were the Misses Barbara Anderson, Caroline Sweeney, Margaret and Betty Lowe, Roberta Dahlstrom and Virginia Morris.

Mrs. Ethel German is to be chairman and assisting her will be Mesdames Velma Maney, Alice Andrews and Mary Andrews.

KEWANNA PLANS FOR A DISTRICT MEET —OFFICIAL VISIT

At Thursday's meeting of Kewana Council, Degree of Pocahontas, plans were discussed for the official visit of the Great Pocahontas Grace Cook of Los Angeles, who will make her official visit May 9. Mrs. Fumor Howie, Pocahontas, presided and appointed the following to prepare a royal welcome for the leader of the state organization: Refreshment committee, Mesdames Hilda Mahaffey, Jane MacKenzie and Jennie Eberhardt; table decorations committee, Mrs. Jamie Dohring and Mrs. Elise Figone; in charge of hall decorations, Mrs. Minnie Sweeney, Mrs. Fumor Howie, Miss Mary Baccaglio, Fred Figone and Fred Bent. Plans were also discussed for attendance at the district meeting and school of instruction May 11-12 at Fort Bragg, when each council will put on some part of the work, and Redmen will hold similar meetings. Drills were practiced in anticipation of the coming important events. Thursday's meeting ended with refreshment service when Mrs. Grace Heitz was hostess. The table held a lovely arrangement of tulips as centerpiece.

Monday evening previous to the regular meeting, the following delegation from Kewanna Council attended the Santa Rosa group upon the occasion of a visit from the Great Pocahontas: Mesdames Veda Collier, Katherine Nicholson, Fumor Howie, Nettie Chase, Blythe Hicks, Ina Branson, Jennie Eberhardt, Elise Figone, Grace Heitz, Joe and Fred Figone. Other visiting councils represented were from St. Helena, Napa, Vallejo, Petaluma and Fort Bragg.

SODALITY SUCCESS

The card party sponsored by St. Mary's Sodality Wednesday evening was attended by a hundred patrons and proved a delightful affair. Wagner in Pedro, Mrs. Thomas Glatt of Hopland in whist, and Miss Angie Martinelli in Chinese checkers. Refreshments were served after the games. Branches of lilac were the lovely decoration. Miss Ida Locatelli, president of the group, announces the next regular meeting of the sodality will be at the home of Mrs. Agnes Fanston Wednesday evening April 24.

Lawson, Visual Aids; Iva Chilquist and Mabel Morrison, School Nurses; Dorothy Spurling, nutritionist; James Snell, Principal of Leggett Valley high school.

The weather being fine Wednesday last, Campfire Girls of the three units resumed weekly joint meetings at the Community Clubhouse and, following games in the open, adjourned to their separate meetings. Mrs. Norman G. Buhn was guest speaker for Wahanka group, explaining the program for the Grand Councilfire to be held April 25. Wahanka girls decided upon May 4-5 as the weekend for an overnight hike to the pumping plant. At that time they will blaze a trail and carry on other camping duties requisite to gaining credits for birthday honors.

MANY ATTENDED 39TH ANNUAL MEET ON COAST

The Mendocino County Federation of Women's Clubs convention at Fort Bragg Saturday was the thirty-ninth annual meeting of the group and was marked by an exceptionally large attendance. There were 109 registered members besides a number of visitors ,and the beautiful spring day on the coast added to the pleasure of the occasion. Meetings were held at the Community Clubhouse of Fort Bragg, as arranged by Sorosis Club, of which Mrs. Paul C. Bryan is president, and which was hostess unit for the day. Arrangements for the meeting were very well planned and decorations of the auditorium were rhododendrons, native to the coast, while large bouquets of redwood orchids adorned the tables and fireplace of the Presbyterian social hall where luncheon was served.

In the unavoidable absence of Mrs. E. M. Fish, president, the meeting was most capably conducted by Mrs. Olive E. Busch, first vice-president. The morning session was opened by the flag escort and pledge by Campfire Girls, directed by Mrs. Bryan, followed by assembly singing of "The Star Spangled Banner." The club collect was read by Mrs. E. Higgins. The address of welcome was made by Mrs. Bryan, and Mrs. Busch responded, following her remarks by presentation of the following guests: Mrs. W. H. Higgins, past district president, past state officer, and present district and community chairman; Mrs. Ethel Held, past state officer, past county president, program chairman and county chairman of institution relations; Mrs. Myrtle Eglin, past county president and present county chairman of Americanization; Rev. Paul Artis, director of the Community Club at Fort Bragg, who was thanked publicly on behalf of convention members for assisting in plans for the meeting.

During the morning session reports were given by the following county chairmen: Mrs. Eglin, organization; Mrs. R. B. Smalley, community contacts; Mrs. Bryan, conservation; Mrs. Higgins, foundation funds; Mrs. Grace Melander, gardens; Mrs. George A. Farraday, human relations; Mrs. Held, institutional relations; Mrs. Wilda Brazill, juvenile problems; Mrs. Ina Branson, music. Club presidents in attendance were Mrs. Alpha Adams, Anderson Valley Unity Club; Mrs. Charles Lovell, Covelo Women's Improvement Club; Mrs. Ina Branson, Kosmos Club; Mrs. Myrtle E. Barcklow, Mendocino City Study Club; Mrs. R. R. Ingels, Saturday Afternoon Club; Mrs. Paul C. Bryan, Sorosis Club; Mrs. Lola K. Josephson, Willits Improvement Club.

County officers present were Mrs. Olive E. Busch, first vice-president; Mrs. Neil Parsons, recording secretary and treasurer; Mrs. M. Eglin, auditor; Mrs. A. H. Thompson, parliamentarian; Mrs. Lola K. Josephson, corresponding secretary. Mesdames Smalley Faraday and Ingels of the resolutions committee; Mesdames Melander, Asa Bishop and Henry Staner of the credentials committee. Mrs. Eric Spalding, pianist, and Mrs Held, program chairmen, were also in attendance. In the day's aggregation were two district chairmen, nine county chairmen, seven club presidents, four past presidents, 45 delegates and 64 visitors registered.

Mrs. J. Q. White was the speaker of the morning, being introduced by Mrs. Branson, president of Kosmos Club, of which she is a member. Mrs. White told of gardens from California through the southern states to South Carolina which she recently visited, naming points of special interest in a delightful account of what she had seen. "The Redwood Trail" was sung by Mrs. Louis Woods, this beautiful song having been composed by Mrs. Bell and set to music by one of her friends.

J. S. Druker was the speaker during the luncheon hour and his subject was instructive in the matter of "Conservation." There was singing of the Doxology and Mrs. Busch thanked the Sorosis Club for the gracious hospitality shown visiting groups and for the beautiful decorations tastefully arranged for the occasion. The luncheon was served by ladies of the Presbyterian church.

Unison singing of "God Bless America" opened the afternoon session, with Mrs. Branson leading and Mrs. Spalding at the piano. The Sorosis Club choral group presented two beautiful numbers and entertainment included a reading of "The Car Belongs To Mother," written by Mrs. Priscilla White and given by Mrs. Ella Newsome, librarian of Petaluma Public Library. During the business session a resolution was adopted asking the supervisors to appoint an assistant probation officer. On behalf of Kosmos and Saturday Afternoon Clubs Mrs. Branson extended an invitation to the Mendocino County Federation of Women's Clubs to hold the fall convention in Ukiah, and the invitation was accepted.

Club members from the interior valley had a most enjoyable trip to the coast. A special train was chartered from Willits to Fort Bragg and the view from the windows was described as that of a dream forest at the peak of spring, with wild flowers in abundance, new growth on redwoods, firs and oaks fresh and colorful, ferns bright after the rains, and dogwood highlighting the scene. Those who came from a distance were served coffee and doughnuts by the Sorosis Club upon their arrival.

for loss of his job as chief of police, the skids having already been greased for his special benefit.

"Doctor" Was Right.

The Old Army Game was played on a 65-year-old woodcutter by an attractive young woman last week. He was walking along Redwood Highway near Arnold Station when the woman, accompanied by two women companions, stopped their car and the leader told the man she was a doctor and that he was sick. The woodchopper denied the allegation, but she proceeded to give him a physical examination and when they had departed the woodchopper discovered a purse containing $14 was missing, which substantiated the woman's diagnosis — the woodcutter was sick—upon discovery of his loss. Officers were notified but the woman had a good start and the "Doctor" has not been located.

Lee Williams Buried.

Lee Johnson Williams, better known as "Johnnie," aged 76, died at his home in Long Valley following a long illness. The end had long been expected. Born in Butte county Mr. Johnson's parents moved to Long Valley when he was five years old and bought a ranch three miles south of Laytonville where deceased lived practically all his life. He followed ranching and stock-raising and was considered one of the leading citizens of that community. Besides his wife he is survived by two daughters and four sons, six grandchildren and two great-grandchildren. The funeral was held at the Laytonville cemetery Wednesday afternoon under auspices of Odd Fellows of which lodge he had been a member many years.

Burned By Explosion.

M. T. Bower received painful burns when a leaking gas stove exploded when he started to light it Monday. His eyelashes and hair were singed by flames but the burns were minor. Fortunately the gas stove had been erected on an open back porch of the home and only a small quantity of the escaping gas caught fire.

Home Was Saved.

What might have been a serious fire was started by a short circuit in the radio connection at the L. S. Neighbors home. Fortunately the alarm was telephoned immediately and the splendid fire department Willits has responded in a few minutes and confined the damage to the radio, which was ruined.

Has Fast Aggregation.

Willits high school baseball team defeated Boonville's team by a score of three to two. The boys play like professionals and have learned a lot of the tricks practiced in big league teams. Saturday Willits went to Potter Valley to play the team there.

Mrs. Allan Judson, nee Margaret Bauer, came up from San Francisco and will remain here several weeks.

Close To Top.

Willits Future Farmers made a good showing at Gridley, Butte county, Field Day, when it came to judging livestock and poultry. Placer took first place and our team was a close second with 982 points. A part of the instruction includes that of the boys being required to give their reasons for making the awards.

To Join Slugger.

Mrs. Dolph Camilla and children left their Long Valley ranch home Sunday of this week to join Mr. Camilla who is a member of the famous Dodgers baseball organization, Brooklyn, N. Y. He is their heavy slugging first baseman and is reported to receive a $15,000 salary.

CAMP FARLEY'S MANAGEMENT A REAL CREDIT

Carried from page 1

features. Supervisor Duane Bittenbender also appears in the picture and his road foreman, Jim Gibbons, has charge of the road work. Most of the road construction is done by hand labor in order to furnish employment to as large number of men as possible. At present there are about 275 men in the camp and of these about 200 are WPA and the balance SRA.

How It Is Done.

The limited amount of road construction equipment consists of an air compressor that is used to drill holes in rock for the powder—it should be remembered that where the men are now working is very heavy construction for they are building a road against the side of a mountain and there are numerous rocky ledges — two gas shovels, four bulldozers and a number of trucks. Most of the men work with pick and shovel and a few wheelbarrows. Under government regulations the WPA men are allowed only to work 130 hours each month and their shifts are divided so they average about 16 days. For this their average pay is $49, and $20 is deducted for board and lodging and the balance they can spend as they see fit.

Are Well Fed.

The visitors were served the regulation meal the men have and it consisted of green onions and radishes, roast beef, mashed potatoes and thick brown gravy, stewed corn, beans, bread and butter, coffee and for dessert excellent apple pie. This is a very substantial meal and much better than a large number of people have. By buying all of the provisions wholesale the management has reduced the cost to a point it averages 10 cents per meal per person. Adjoining the messroom is a large kitchen which has ranges and other equipment generally found at a first-class restaurant that serves meals to between 200 and 300 people. Everything was clean and neat and the building well screened.

Appetite Is Only Limit.

In order to do away with a large crew of waiters food is placed on tables, family style, and there is no limit on the quantity of food any person desires. When the men are finished eating they pick up their plates, knives and fork and carry them to the disposal table where the uneaten food is scraped off into large cans and later disposed of. The dishes and cooking utensils are collected by the regular force and placed in sterilizing vats and then afterwards piled in regulation style.

Tents Are Used.

The men live in tent houses and there are two iron beds in each tent with chairs and a stove for heating during cold weather. There is a large lounging room in which are books, magazines, newspapers and other literature. Some men were reading, while others were playing cards when the visit was made. There are both shower and tub baths and a place where the men wash their clothes. There is a commissary where the men can buy work clothes, shoes, tobacco and other things workingmen generally require. This is run without profit, the management being satisfied to break even. The men are not required to patronize the commissary and most of them make their small purchases in Willits.

Reason For Camp.

The above reflects a brief outline but there are other features which are well worth mentioning. A few years ago when unemployment became so severe those in authority knew something had to be done with the idle men to keep them from starving and also from making trouble, camps for the men were established. Naturally most of the unemployment was in the large cities and there was not enough constructive work to keep the men busy and the city allurements were also bad for some of the men. It was then decided it would be best to send as many men as possible to clean, healthful places in the rural regions where they could build needed roads. At this time Senator G. M. Biggar and Supervisor Duane Bittenbender made a special trip to San Francisco and Sacramento and prevailed upon those in authority to establish one of the camps in Mendocino county and Camp Farley was the first camp in the state to be established under this setup.

There are now 27 in the northern California area and all are doing good work. What are known as the "Receiving Camps," which are located near the large cities are the only ones that cause trouble and this is largely because the men have nothing to do besides raking up leaves and scaring birds. The healthful influences at the rural camps keep the men contented and they are free to leave the camp whenever they want to.

Leave In Spring.

During the winter months there is very little turnover but during the warm weather the more ambitious leave in search of work on ranches or elsewhere.

Ranks Replenished.

All of the men at Camp Farley are brought here from the receiving camp near San Francisco and when there is a shortage a large truck brings up 25 more men. These men are a cross-section of humanity and include former merchants, bankers, mechanics and a few of the loafer type. It is the latter that sometimes go to town and get drunk and cause trouble and, unfortunately, some unthinking people give the entire camp a bad name. This is an injustice for we are told a majority of the men at Camp Farley do not drink or carouse but, when they have saved up a stake, leave and look for a job.

Mrs. Veta Rinkel visited friends in San Francisco last week.

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

MECHANIZED FARMING IS REALLY HERE

Ford Tractor with Ferguson System
● "The Ford tractor with Ferguson system will displace the horse on the farm—just as the automobile has displaced him on the road" is what Henry Ford says about this entirely new idea of farming.
For here at last is a practically automatic unit of mechanized farm equipment that will work on your farm. It does more work (two-plow, two-row capacity) . . . Does it easier (finger-tip hydraulic implement controls) . . . Does it at lower cost (one gallon per hour fuel consumption).
The features of the unit are as new and revolutionary as the way it performs. But you've got to see the Ford tractor with Ferguson system work. See it work in tight places . . . hard ground . . . hillsides . . . wet lands . . . fields full of rocks and roots. It's amazing what it can do! We'll be glad to arrange a demonstration on your farm.
You Get These Features At No Extra Cost
Ferguson System of Hydraulic Controls • Pneumatic Tires • Self-Starter • Power Take-Off • Governor • Battery and Generator • Oil-Bath Air Cleaner • Muffler • Independent Brakes on Rear Wheels • Oil Filter • Adjustable Tread on Front and Rear Wheels (48" to 76")
$585 for Tractor at Dearborn, Mich. Taxes (if any) and implements extra.

INTERESTING FACTS ABOUT BEER AND BREWING

100 INDUSTRIES BENEFIT FROM BEER AND ALE

Did you know that the return of beer and ale brought increased business to more than 100 industries? It did. Services and materials were needed. New jobs were made for workers.

WHY BEER IS THE BEVERAGE OF MODERATION

Beer's alcoholic content is very low . . . lower than any other alcoholic beverage. That is why it is called "the beverage of moderation." You are not likely to get in trouble if you stick to beer.

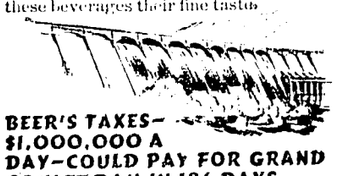
OLDER THAN THE PYRAMIDS OF EGYPT

Beer has been brewed since the beginnings of recorded history in many parts of the world. It was known in ancient Egypt, in China, and the Euphrates valley.

NATURE MAKES BEER!

A simple natural process produces beer and ale from water, malted grain and hops. The brewer applies his skill to help give these beverages their fine taste.

BOUGHT BY BEER AND ALE: 25 BILLION POUNDS OF FARM PRODUCTS. Steadily, year after year, the brewing industry gives American farmers a big order for farm products. That's a help farmers appreciate.



BEER'S TAXES—$1,000,000 A DAY—COULD PAY FOR GRAND COULEE DAM IN 186 DAYS

Grand Coulee Dam on the Columbia river will be the most massive structure ever built by man. Beer's taxes—Federal, State and local—could quickly pay for it.

"CLEAN-UP OR CLOSE-UP"
A NEW PLAN TO PROTECT BEER RETAILING

One of the most interesting things about beer and ale is the brewing industry's program to keep retailing wholesome. This program is now in effect in a number of states. It is being extended. the weight of the load made it impossible for the truck to stop for the shovel which was across the road. Realizing a smash-up was inevitable, Mr. Farrer raced to the shovel and warned Mr. Togni who succeeded in almost clearing the road by swinging the shovel around just as the truck wrapped itself around the shovel. The driver was able to take a bank and miss the shovel with the truck, but the loaded semi could not get by and took off the side of the cab, pinning Mr. Togni in and crushing the cab to the back of his seat. Had he not been warned the load would have caught him broadside and beyond a doubt crushed him. It took an hour and a half to extricate the truck, which was not damaged.
